

Why Donate to your Refuge Recovery Inter-Sangha?

What is an Inter-Sangha?

A Refuge Recovery Inter-sangha is a service committee created to serve the shared needs of all local Refuge Recovery groups in a defined geographical area. The Inter-Sangha is the first level of service beyond the group.

Why do we need a local Inter-Sangha?

To increase the ability of individual Refuge Recovery meetings to communicate our purpose of helping those suffering from all forms of addiction through the RR program.

To increase overall community awareness of the Refuge Recovery program. Specifically to increase local treatment centers, detox facilities and outpatient providers knowledge of and access to, the RR program.

To support the creation of new Refuge Recovery meetings within our service area.

To create unity among local Refuge Recovery meetings. Through the process of our transparent, democratic, group vote we resolve conflict and questions. We promote equanimity among all groups and members.

To provide democratically elected representatives to represent our local groups at the state, regional and world levels.

To contribute to our shared group expenses at the local, state and world level of Refuge Recovery.
